Stop by Chocolat to see our wonderful array of handmade chocolates. All are made in small batches to keep the flavor and texture just right.

We have opened up a viewing area for the chocolate line so you can watch the enrobing of the Liquid Centers, Caramels or Truffles. The smell of warm chocolate is wonderful!

The kitchen where all the Nut Clusters, Barks, Caramels, Creams, Truffles, Turtles, Silk Fudge and Colettes are created can be viewed through our in store kitchen window.

Please call for the current selection of seasonal items and seasonal packaging.

We would enjoy making your day sweeter.
